

Tiny Scarf for a Mounted Buck

Yarn: About 15 yards of fingering weight

Needles: US 1 or US 2

Cast on 6 stitches. Knit the first row.

On all subsequent rows, slip the first stitch and knit the remaining 5 stitches.

Continue until the scarf is about 8 inches long.

Bind off and weave in ends.

After placing the scarf on the buck, I use a small amount of yarn to tack the scarf into the crossed position.
